

CyberHoot Press Release

vCISO Lite Service Available

FOR IMMEDIATE RELEASE

Portsmouth, NH - July 2021 –CyberHoot has added a new vCISO Lite Service offering to its vCISO Pro services providing small to medium-sized businesses (SMBs) another option for building their cybersecurity program. CyberHoot's vCISO LITE program delivers minimum essential cybersecurity to mitigate cyberattacks at a cost SMBs can afford. Ransomware and online attacks are an epidemic; not taking action to defend your company can be catastrophic. Taking a few precautions automated by CyberHoot's vCISO LITE program provides significant protection at a fraction of the cost of hiring a CISO. The time has come for you to strengthen your cybersecurity preparedness.

vCISO Lite services are delivered by CyberHoot's Professional Services. Our flat-rate monthly program delivers defense-in-depth security via our CyberHoot platform and includes:

- A cybersecurity analyst-led cybersecurity maturity risk assessment once a year
- A complete set of cybersecurity governance policies for each Client
- Monthly online cybersecurity training and automated compliance reporting
- Dark web monitoring and reporting to client administrators
- Quarterly phish testing and automated email reporting
- 1 Cybersecurity Incident Escalation per year (up to 6 hours of support)

Chief Information Security Officers (CISOs), provide strategic guidance to help your business become more profitable, secure, and effective by using technology, training, and processes securely. By subscribing to CyberHoot's virtual CISO Lite (vCISO Lite), you are benefitting from a cybersecurity program developed over 25 years at a fraction of the cost of hiring a less qualified resource directly.

CyberHoot CEO and Co-Founder Craig Taylor stated:

CyberHoot's vCISO Lite services are like hiring a doctor, plumber, or electrician. You do not need them all the time, but when you need them, you need them. With vCISO Lite, you are locking in a seasoned cybersecurity resource who provides exceptional protection at the lowest possible cost. As Ben Franklin said about fire prevention, CyberHoot says about cybersecurity: "An ounce of prevention is equal to a pound of cure."

Are you ready to do the minimum essential to protect yourself from \$6 Trillion dollars in cybersecurity losses last year? 76% of US Businesses experienced a Cyberattack last year. (Ponemon Institute)
